

# GENESIS IMPLANT PROSTHODONTIC

## ONLINE & ON DEMAND MODULE

Implant Prosthodontics is a prosthodontic treatment solution with a surgical component. This on demand didactic content covers the important details associated with the pre-surgical and pre-prosthetic patient determinants that are critical to a successful treatment outcome. The steps required for appropriate diagnosis, digital and analog workflows, prosthetic design considerations and insertion protocols are discussed in detail in the following modules.

### LEARNING OBJECTIVES

- Pre-surgical prosthodontic planning
- Pre-restorative assessment
- Final impressions for single-unit implant restorations
  - Analog impression techniques:
  - Digital impression technique
  - Additional records and shade selection
- Design considerations for implant restorations
  - Emergence profile and biologic response
  - Components and material selection for:
  - Morphology and occlusion
  - Clinical examples
- Manufacturing for implant restorations
- Insertion of single-unit implant restorations
- Considerations for multiple-unit implant restorations
  - Prosthesis Design
  - Impression taking

**DATE & TIME:** On Demand Module

**TUITION:** \$899 CDN (Plus applicable taxes)

**CE CREDIT:** 10 Hours of CE Credits  
(AGD Code 690)

**FACULTY:** Dr. David Powell

**global dental**  
**MENTORSHIP**

Genesis Continuing Dental Education  
Nationally approved PACE Program Provider  
for FAGD / MAGD credit. Approval does not  
imply acceptance by any regulatory authority,  
or AGD endorsement. 10/1/2021 to 9/30/25  
Provider ID#377199
